Property Description

Two-bedroom apartment with 78m2 located in the heart of the city of Lisbon, near Praça do Martim Moniz.

The apartment stands out for its modern finishes with spacious and functional areas that allow for daily use, whether for leisure or practicality. This apartment includes an elevator, garage, and storage in a well-maintained condominium.

In terms of layout, it is well distributed. Upon entering the apartment, there is a storage area and access to the first bedroom with a balcony. Continuing down the corridor, we pass by a fully equipped kitchen with access to the common balcony that extends to the living room and the second bedroom. Following is the spacious living room and a circulation area that provides access to the bathroom and the second bedroom.

The apartment's solar exposure allows for plenty of light, and the balconies provide access to outdoor spaces.

In terms of location, we are close to Praça do Martim Moniz, which is soon to undergo redevelopment that will enhance the area, with views over the Castle of São Jorge being a strong point. In everyday life, we are close to all types of services, from restaurants, shops, transport, and schools, as well as the main access points and exits from the city center.

Excellent opportunity to invest or live in the city center.
