The central island, lacquered furniture and Dekton Moone tops elevate the culinary experience to a level of excellence.

The upper floor is entirely dedicated to the private area, consisting of three large suites with river views, all with generous storage, highlighting the closet of the master suite. The bathrooms, covered in marble, have underfloor heating, electric towel rails, demisting mirrors and premium finishes. The master suite also includes the exclusive Vasca Bay bathtub by NIC Design.

The interiors reflect a high standard of quality, with multilayer herringbone wood flooring, motorised interior blackouts, air conditioning with VRV system, crown moulding with integrated LED lighting, KNX home automation with control by digital applications, thermal solar panels, heat pump and hot water network with return, ensuring energy efficiency and total comfort.

Inserted in a reference residential development, this flat benefits from an exclusive set of premium amenities, including a panoramic pool, state-of-the-art gym, paddle tennis court, leisure areas for all ages and concierge service, designed to meet the most demanding needs. 24-hour security, with permanent surveillance and CCTV, guarantees complete peace of mind.
