Property Description

The Principado Cascais is a unique residential development, located in Gandarinha, considered the jewel in the crown of Cascais, surrounded by a scenery of nature and everyday sophistication.

With only 10 units, The Principado offers 3 and 4 bedroom typologies, with total areas between 366 m² and 680 m².

Each unit has been designed with meticulous attention to detail, reflecting a perfect harmony between contemporary architecture, surrounding nature and absolute privacy.

The Garden fractions redefine the connection with greenery, dissolving the boundaries between interior and exterior through private gardens, large balconies and semi-heated pools with glass tops, which create the feeling of water in suspension.

The Penthouses, with stunning views over Cascais, invite you to unique experiences: jacuzzis, outdoor fireplaces, saunas and panoramic rooftops that transform each sunset into unforgettable moments.

The architectural design of The Principality celebrates transparency and seclusion, in an elegant play of light, texture and form.

Private elevators, exclusive boxes and discreetly integrated technical areas ensure comfort and functionality without compromising aesthetics.

Inserted in the most desired area of Cascais, a few minutes from the Bay and Marina of Cascais, the Marechal Carmona Park, the House of Stories of Paula Rego and the beaches of Duquesa and Guincho, The Principado offers an unparalleled lifestyle, where the quality of life merges with the authenticity of everyday life.
